

COVID-19 IN HOLT COUNTY

Total Cases	Confirmed Cases	Probable Cases	Deaths
2	1	1	0

COVID-19 cases will now be classified as either "confirmed" or "probable" based on the following criteria and definitions:

Confirmed case: The case meets the confirmed laboratory evidence, which is the detection of SARS-CoV-2 RNA in a clinical specimen using an approved detection test verified by a certified testing laboratory.

Probable case: The case meets clinical criteria AND epidemiologic evidence (close contact with a confirmed or probable case; travel to or residence in an area with sustained, ongoing community spread; or a member of a risk cohort as defined by public health authorities during an outbreak), with no confirmatory laboratory testing performed for COVID-19.

*Probable cases will not be reflected on the DHSS website.

COVID-19 IN REGION H

Region H: 68 Confirmed Cases | 1 Death

County	Total cases	Deaths
